

tayco® SHIELD

Panel Shield

Safety is paramount, but it should not come at the cost of function or design. The Panel Shield (patent-pending) is an innovative solution for workplaces looking to increase their panel heights. Quick and easy to install with the option to both reconfigure in the future and remove if needed, this unique product works with the Cosmo and Switch slotted panel systems without the need to damage the current panel. The Panel Shield offers substantial protection. With an impeccable fit and finish and a discreet look, it extends the height of the panels by approximately 24" and is comprised of easy to clean materials to help reduce the risk of spreading infection in the workplace. The Panel Shield can make the modern workplace a safer place to be.

Freestanding Shield

An exercise in simplicity, the Single Point Panel is a single element stabilized by a single foot. Geometry and material choice comprise the screen.

Designed with Toronto industrial design studio, Fig40, the Freestanding Shield is an independent structure expressed through a soft and approachable form with a generous arc on the lower side to lend a sense of lightness to a large, vertical surface. The screen is supported by a singular steel base. It is more than a divider, it is a design feature. The Freestanding Shield, available in 20+ laminate colours, can be pulled up to any surface, panel or storage piece to create a beautifully architected divisional area, helping to keep you and your team safe.

Scene Shield

A modern take on divisional solutions using Tayco's signature Scene posts.

The Scene Shield, offered at 24" high, is easy to install and can be retrofitted to any current setup. The screens are simply attached with a clamp, avoiding any damage to the surface, or can be permanently fastened with screws.

Offered in a wide range of finishes, this is the ideal solution for quickly adding division to the open office.

Frameless Blade

The Panel Mounted Frameless Glass Blade, which works on any flat panel trim or worksurface is available on Quick Ship in select sizes! Unlike many other material options, the Glass Blade is constructed of tempered glass, which is the easiest to clean, extremely scratch-resistant, and does not lose colour over time.

The Glass Blade is the quickest way to create a safe environment for workers.

tayco® SHIELD

Visitor Shield

Having face-to-face meetings with colleagues and clients is a vital part of the workplace. With the freestanding Visitors Shield, you can continue to conduct those important meetings safely. The Visitor Shield, available at 24" high, comes in clear acrylic to reduce the feeling of separation. The Visitor Shield also has the option to select a pass-through to easily share paperwork. The Visitor Shield affords the perfect, transparent solution for reception stations and workstations with frequent visitors. Continue to work together, continue to see each other, and continue to stay safe.

Splits Shield

A sleek freestanding screen that does not compromise between aesthetics and safety. The Splits Shield provides protection for users at 24" high, and can be used on any worksurface, meeting or boardroom table. Sturdy in construction, the screen provides ultimate division between neighbours, without the need to fasten it to the worksurface. The screen can be easily moved and placed in another location as necessary. Offered in clear and frosted acrylic, as well as P.E.T felt, the Splits Screen easily brings safety and elegance to any space.

Up Shield

Everyone deserves a safe and healthy workspace, and the Up Shield will help you provide the ultimate one. Perfect for freestanding desks, the Up Shield uses Tayco's signature Up clamp to attach a clear or frosted acrylic divisional screen without damaging the worksurface. The Up Shield is offered at 29" high, with 24" above the worksurface, and 4" below the worksurface for ultimate protection. Create a safe environment for each user with the Up Shield.

Transaction Shield

Stay shielded when greeting visitors and welcoming guests. The Transaction Shield, available in clear acrylic, offers a non-obtrusive, divider where users on either end can maintain a conversation, and pass documents back and forth. This solution is fantastic for reception stations or anyone who has frequent visitors at their desk. This shield mounts directly to the worksurface, with the option for an additional transaction counter. The easy to clean, laminate counter, provides a sturdy place for guests to rest items, sign papers are more. The Transaction Shield is a fantastic application for any workstation which handles a high volume of visitors, who may also require a surface.
